Annual spend shall mean per commodity (not combined gas and electric). Any accounts over \$500,000 annual spend will be flagged for internal review prior to any customer contact. The Letter of Authorization (LOA) is mandated by the state and required by the utility to release information to XOOM Energy should you choose that option to provide your historical usage information. XOOM Energy cannot modify the LOA. XOOM Energy is not able to provide service to all types of businesses. Completing the Letter of Authorization (LOA) in no way affects your current provider relationship or obligates you to transfer your account or purchase energy from XOOM Energy. The reference to potential cost in the INFORMATION, ACTS AND FUNCTIONS AUTHORIZED section of the Letter of Authorization (LOA) is strictly limited to the possibility that your utility may charge a fee for providing copies of your historic usage information. This is not typical, does not benefit XOOM Energy in any way, and is included to protect the utility in the event they opt to charge fees.
